

Trekking Event (Part of Induction program) for SSBS M.Sc. Biotechnology and M.Sc. Biochemistry 1st Sem students (2023-25 batch)

Date of event: 7th October 2023 (3:30 pm to 5:30 pm)

Participating students: SSBS M.Sc. Biotech and Biochem 1st Sem students (2023-25 batch)

Trekking venue: Hilly trails in front of Sunny's World, Sus-Nande Road, Pune

Faculty in Charge: Dr. Bishnudeo Roy

No. of students: 35

Brief Report

As a part of the induction program (as per UGC guidelines/recommendation), a trekking event was organized for the for the 1st semester students (batch 2023-25) of M.Sc. Biotechnology and M.Sc. Biochemistry programs, on Saturday, 7th Oct 2023 (between 3:30 pm - 5:30 pm). For this activity, a hilly trail approximately 3 km long, located in front of Sunny's World and on the side of Sus-Nanded Road, was chosen. Trekking begun (around 3:45 pm) after, all the participants reported at the starting point (right in front of Sunny's world main gate). The trekking trail passed through small hillocks of 150-300 feet height, followed by 300-600 feet long plains full of post-monsoon greenery. The surrounding was full of trees and green grasses which had grown as much as 1.5 meter tall. Though most of the trail was a gradual climb, at some points, it was relatively steep and posed some challenge for the not so-used-to students. The picturesque surrounding kept the students fascinated and the pleasant and fresh breeze helped them overcome the transient fatigue. At the highest point of the trail, participants were overwhelmed by 360° view of the surrounding valleys, nearby hills and localities. All of them posed for the pictures, selfies and had a wonderful view of the setting Sun. After spending 15-20 joyous minutes on top, the group headed for the return. On the way back, participants were full of rejuvenated enthusiasm and wished to go for such treks again. After spending two hours on the trek all of the participating students gathered at the meeting point and expressed happiness for getting an opportunity to experience a wonderful and refreshing time in the midst of nature. Afterwards, everyone left for their respective homes with memories to cherish for a long time.
